TECHNICAL SKILLS

Handwritten note: 2yrs
HTML5/CSS3, JavaScript/jQuery, Adobe Illustrator and Photoshop, Object Oriented PHP (Wordpress/Woo Commerce, CodeIgniter, Zend, Magento), MySQL, CSS preprocessing (SASS, Compass, and SUSY), Version Control (GIT), Server Administration (Rackspace, Ubuntu, Windows, LAMP/MAMP)

PROFESSIONAL EXPERIENCE

IA Group, Norcross, GA

2013-present

Sr. PHP Developer/Creative Director

- Developed myIartz, a PHP web application—built on Zend Framework with a MySQL database—that assists or automates daily operations. Modules include warehousing, delivery routing, production, and permission-controlled file sharing.
- Created several Wordpress projects, including custom Themes and Plugins.
- Created Linux/Apache/MySQL/PHP (LAMP) development and production environments with Git version control.
- Lead all development, marketing and IT efforts of a multi-million dollar company; company income increased from \$2 million to \$8 million in 18 months, largely due to marketing efforts led by myself

Handwritten note: HTML5, CSS3, JavaScript, JQuery.

GeoffreyDesigns, Dacula, GA

2008-present

Freelance Web and Graphic Designer

- Wide variety of projects, including CodeIgniter, Magento, Wordpress, and Woo Commerce
 - My first priority is to equip customers with the tools and knowledge to use the product I create for them. Great design and development come as bi-products of great service.
- Handwritten notes: Wordpress, PHP, JavaScript, JQuery.*

United States Army, US/Overseas

2003-present

Joint Node Network Operator Maintainer *(reserve)*

- Lead Network Administrator of three separate secure networks on Forward Operating Base Joyce, Afghanistan with over 500 combined users and 99.94% uptime
 - Directly responsible for successful accountability and maintenance of over 1.5 million dollars of switching equipment, including sensitive and secure items during deployment to Iraq in support of Operation Iraqi Freedom
- Handwritten note: 10-15K*

VOLUNTEER EXPERIENCE

- Facilitated several Code.org Hour of Code classes, teaching kids the fundamentals of programming
- Pro Bono graphic design and web development work for several Habitat For Humanity projects
